## PHYSICS TEACHER – IGCSE

---

100 Mostafa Elnahas-Nasr city | Yousefelsadek@gmail.com | +201143105281

---

Experienced IGCSE Physics Teacher with a strong background in both academic teaching and youth development. Taught Physics to over 350 students across multiple schools and online platforms, delivering engaging lessons aligned with Cambridge and Edexcel IGCSE syllabi. Additionally, I worked in character-building programs, helping students develop leadership, teamwork, and personal growth through gamification and psychology-based methods. Passionate about empowering students to achieve academic success and personal excellence.

### PROFESSIONAL EXPERIENCE

---

#### Delta College International School

- Delivered engaging and well-structured physics lessons aligned with the IGCSE curriculum.
- Prepared students for Cambridge examinations with effective strategies and resources.
- Monitored student progress and provided individualized support.

#### Almanar Language school

- Taught physics concepts to middle and high school students.
- Developed interactive experiments and demonstrations to enhance learning.
- Maintained a positive classroom environment encouraging critical thinking.

#### Excellence Junior School

- Supported students in developing foundational physics knowledge.
- Collaborated with colleagues to plan interdisciplinary projects.
- Utilized digital tools to supplement lesson plans and assessments.

### EDUCATION

---

#### Alshorouk Academy, Cairo

- Electric power Engineering

Sep 2018 - Jun 2023

### EXTRACURRICULAR ACTIVITIES

---

#### Public Speaking & Presentation Skills Trainer

- Trained individuals on how to deliver confident and effective presentations in both academic and professional settings.
- Developed and conducted workshops focused on public speaking techniques, body language, and vocal control.
- Provided personalized coaching to help participants overcome stage fright, anxiety, and communication barriers.

#### Meshkat : Youth Development Facilitator.

- Designed and delivered interactive, psychology-informed sessions that supported students' personal, social, and emotional development, using gamification to boost engagement and learning outcomes.
- Facilitated workshops and activities to build leadership, communication, teamwork, and conflict resolution skills, encouraging students to step out of their comfort zones.
- Guided teens through structured challenges that promoted resilience, confidence, and adaptability, helping them unlock their full potential in a supportive educational environment.

**MECA ASU : HR Organization Development.**

- I was responsible for enhancing organizational effectiveness by implementing strategies that improve workforce performance and employee engagement.
- This role involves designing and facilitating training programs, conducting organizational assessments, and collaborating with leadership to drive cultural change and development initiatives.
